RE: Request to fill a temporary full-time Nutritionist position

The WIC Program has a new temporary full-time Nutritionist position which was included in the FY 16-17 Budget and approved by the Board of Supervisors. This position was funded through the federal grant for the WIC Program to assist Pinal County WIC staff with the EBT pilot. The dollar amount approved through the budget process was \$64,049.00. No Pinal County general funds will be needed for this position. This memo seeks permission to create a new Nutritionist position within the WIC Grant.

Thank you for your consideration.
