Pinal County Library District Board of Directors

RE: Acceptance of Universal Services Fund (E-rate) Reimbursement

Dear Sirs:

In January 2015 the Library District submitted a Pre-Proposal Approval Form for Alternative Funding. We received approval on February 10, 2015 to apply for Universal Services Fund (E-rate) discounts for the Library District telecommunications lines via online application forms submitted by PIN for FY 2015/16. The reimbursement for T1 connections, DSL internet access, and voice lines totals \$79,018.03.

The Library District is requesting permission and approval to accept a wired reimbursement in the amount of \$79,018.03 for telecommunication charges paid during FY 2015/2016.

Sincerely,

Denise C. Keller, County Librarian
Pinal County Library District
